

**New Jersey Highlands Coalition**

# **Action Alert**

## **Save the Date!**

**Environmental Lobby Day**

**Monday, June 20th 9:00AM - 4:30PM**

**Join the New Jersey Highlands Coalition,  
Delaware Riverkeeper Network, Environment NJ,  
NJ Audubon, NY/NJ Baykeeper  
NJ Environmental Lobby, NJ Sierra,  
NJ Conservation Foundation, Work Environment Council,  
CWA Local 1036 and Teamsters Local 877**

For a day of lobbying our Legislators in Trenton to fight the wave of sweeping rollbacks on protections for our water, air and environmentally sensitive lands.

Today, our major concerns include:

- NJDEP's proposed Waiver Rule
- Legislation that prevents NJ regulations from being stricter than federal standards
- Withdrawal from the Regional Greenhouses Gas Initiative (RGGI) and repeal of the NJ Global Warming Response Act
- Protection of the Delaware River from gas drilling (fracking)

Help us represent the NJ Highlands as we meet with key legislators and the press, and participate in a rally on the State House steps.

All Affiliate and Individual Members are encouraged to participate.

NO EXPERIENCE REQUIRED! If you've never engaged in the processes of your State government, come and learn.

More details to follow. **Let us know if you intend to join us by replying to this email** so we can begin to coordinate transportation options and schedule meetings with Legislators. We will seek confirmations as we get closer to the date.
