

New Jersey Highlands Coalition Event Alert

The New Jersey Highlands Coalition and Kinnelon Conserves Present:

"The Highlands Rediscovered"

at the Kinnelon Public Library

Monday, January 9th

7:00 - 8:30 PM

This beautifully shot (in high definition) and informative 30-minute documentary explains the history of the Highlands region and why it became the source of clean drinking water for more than half of the State's population. The film explains how the ecological functions of the Highlands forests cleanse rain as it percolates into aquifers and ultimately into surface reservoirs. It also presents the challenges the Highlands region is faced with in retaining its important forests under pressures to develop the land.

Staff from the NJ Highlands Coalition will be available following the film to host an open audience discussion and to answer any questions.

The screening is free and open to the public!

Location: Kinnelon Public Library
132 Kinnelon Road
Kinnelon, NJ 07405

Time: 7:00 -8:30 PM
